AI-ASSISTED TOOLS FOR FIELD-SERVICE BUSINESSES

Small tools. Big leverage. Built for the crews that actually build things.

Silverback ships production software for contractors, landscapers, concrete crews and service businesses. Each tool is sold on its own. Use one. Use both. Stop juggling vendors.

TOOL 01

Site + Profile

Your website + a verified Google Business Profile. Designed to show up on Google Maps and convert the phone calls that result.

One-page website

Bilingual, fast, mobile-first. Hosted on silverbackai.agency or a domain you own.

Verified Google Business Profile

Categories, service area, hours, services list, opening post, attributes, photos plan — all loaded.

GBP starter pack document

10-minute copy-paste onboarding. You own the profile; we set it up so you pass Google verification cleanly.

Call-tracking setup

Dedicated tracked number so we (and you) can measure which leads came from Google vs. referrals.

Ongoing updates

Photo swaps, copy updates, seasonal GBP posts, Bing + Apple Maps mirroring — included monthly.

Bilingual content

Every page ships EN + ES. Hispanic homeowners search in Spanish; English owners search in English. Catch both.

TOOL 02

Timeclock

A time clock your crew will actually use. Know your labor cost by job, stay audit-clean, and get payroll-ready CSV every Sunday.

PIN clock-in from any phone

No app install. Name, 4-digit PIN, clock running. Works on the crew's own phones.

Job-site geofencing

Every punch is tied to a site. Per-site labor cost in real time on the owner dashboard.

CA Labor Code compliance

Missed meals, late meals, rest-break tracking, daily OT thresholds — flagged with the §-citation attached.

Bilingual crew UI

Spanish for the crew, English for the owner. Same data, two audiences.

Payroll-ready CSV

Weekly export ready for QuickBooks, Gusto, ADP. No Sunday-night spreadsheets.

Owner report + audit trail

Who worked where, for how long, at what cost. Immutable audit log for Labor Board peace of mind.

CASE STUDY

Orozco Landscaping · Sunnyvale, CA

Miguel Orozco ran a 10-year landscaping and concrete business with zero online presence. No website, no Google Maps listing, no timeclock. Every lead came from word-of-mouth. We shipped the full stack in a week: bilingual site, verified GBP, and Timeclock with his crew pre-seeded. He answers the phone. We handle the rest.
